

## HOME LEARNING

Nursery

30/04/20

### Morning Message

Good Morning!

I hope you are all enjoying the work so far this week. Today you will be practising your throwing. Be gentle when you throw back to your parents! You want them to try and catch it. How many times are you able to throw between you without dropping?

You will be practising shapes again today. But you will be making giant shapes on the floor! Make sure you are careful and look at the shapes in the video, to help you. Does your shape have corners? Is it round? If you like an adult can take a picture from up high, this will help you see your shape better.

If you would like to try any of the other activities we have already done, you can do that to. They are all still up on the school's website!

**Focus children this week: Dylan, Emil, Enzo, Florrie and Gabriel**

### Physical Development

#### Throwing practise

Pass a ball, teddy or similar between you. Each time you pass you must take turns to count or say the alphabet one letter at a time. Don't worry if they make a mistake, just model the correct answer and carry on.

### Singing and Action Songs

#### Days of the week song

[www.youtube.com/watch?v=mXMofxtDPUQ](http://www.youtube.com/watch?v=mXMofxtDPUQ)

Watch this video together. We had been singing this song together in Nursery, so your child should be familiar with it.

## Literacy (Writing/ Mark Making and Phonics )

### Mark making

Roll out a big sausage from plasticine. Using child-friendly equipment, chop up the sausage to share with your family.

Next, practice name writing with laminate and white board pen. Encourage your child to start in the correct place of each letter.

### Phonics

Read a rhyming book together. After a few rhymes, let your child try and say what it might be. E.g.

But our fish said, 'no! no! make that cat go away!

Tell that cat in the hat you do NOT want to \_\_\_\_\_ (play!)

Most modern children's books rhyme such as, Julia Donaldson books (The Gruffalo), Eric Carle books (The Very Hungry Caterpillar), Dr Seuss, Janet and Allan Ahlberg, Slinky Malinky, We're Going on a Bear Hunt, Kes Gray (Oi Frog), Aliens Love Underpants, Giraffes Can't Dance etc. If you do not have any rhyming books at home, you could read some Nursery rhymes to your child and let them finish the rhyme.

## Maths

### Space, shape and measures

Watch this video together: [www.youtube.com/watch?v=pfRuLS-Vnjs](http://www.youtube.com/watch?v=pfRuLS-Vnjs)

Make 2d shapes together on the floor with string or ribbons. Can they find similar shaped objects to sort into the shapes?

Key questions: What is this shape called? How many sides does it have? How many corners? Have you seen a shape like this before? Where? Can you fit inside the shape?

## Topic /Cross Curricular /Around The House

### Suggested Activities to try throughout the week

If you can, play a board game together with numbers like snakes and ladders. Or if you have dice at home roll it and then you and your child can take it in turns to do that many claps, hops, jumps etc.

Freeze some found objects such as flowers, leaves, sticks, shells etc. Ask your child questions such as how could you melt the ice? How did they get stuck in the ice?

Do the scavenger hunt (from the Home Learning pack) again and put the answers into your Home Learning book. Have the answers changed?

Ask everyone in your family what their favourite thing about themselves is. What is your favourite thing about yourself? Help your child by writing down the answers for them.

Make a dinosaur out of junk modelling. Cardboard boxes and toilet rolls may be the most useful but use what you have. Let your child decorate their dinosaur however they like and display it!

Make dinosaur footprints in playdough/plasticine or salt dough. What could you use to make them? Could you make them bigger? Smaller?

Here is a salt dough recipe, or you could use your own:

[www.bbcgoodfood.com/howto/guide/how-make-salt-dough-recipe](http://www.bbcgoodfood.com/howto/guide/how-make-salt-dough-recipe)

Joe Wickes P.E. lesson on YouTube is a great way to keep everyone fit and active whilst at home! [www.youtube.com/playlist?list=PLYCLoPd4VxBvD7ogmmPLXYA1q0gFF3pe](https://www.youtube.com/playlist?list=PLYCLoPd4VxBvD7ogmmPLXYA1q0gFF3pe)

If they find these workouts a bit tricky, Joe also has some shorter videos that may be useful. [www.youtube.com/playlist?list=PLYCLoPd4VxBvPHOpzoEk5onAEbq40g2-k](https://www.youtube.com/playlist?list=PLYCLoPd4VxBvPHOpzoEk5onAEbq40g2-k)
