

Week 1, Day 1: Monday 23rd March

Reading: Choose one online e-book for your child to read today. Remember to record the book in your child's yellow reading record.

Follow this link: <https://www.oxfordowl.co.uk/for-home>

We have set up a class login for both classes:

Reception Paris login: Username: paris20
Password: Welcome1

Reception France login: Username: france20
Password: Welcome1

Go to the pink tab (My Class Login) at the top of the page and enter your child's class login details. On the home page click e-books - My Bookshelf.

Remember to develop comprehension skills by asking your child questions, eg: What do you think this book is about? How do you know? What tells you that? Also ask recall questions about what they have read, the characters etc. Please introduce new vocabulary and explain the meaning when necessary.

Maths: Last week we were learning about 3D shapes - cube, cuboid, cylinder, cone and sphere. Go on a shape hunt in your house and find some of these shapes in your environment - eg. tinned goods (cylinders), football (sphere), cereal boxes (cuboids), etc.

Phonics: Using the sound mat to help you, write some words on your phoneme frame – remember, one sound per box (eg. oa goes in one box because it has two letters but only makes one sound).

Extension: Can you use any of these words in a sentence? Write it on your whiteboard.

Expressive Arts Design: Please begin collecting junk modelling/baking resources for future activities.

This term we have been looking at different types of transport - use your Lego (or other building blocks) to make your favourite type of transport.

Handwriting: Complete pages 1 and 2 of your Penpals handwriting book (in your home learning pack). Please ensure your child takes their time and follows the lines as best they can.

Writing: Write instructions for planting your bean.

Extension: What will happen to your bean as it grows? Write your predictions.

Physical Development: The Body Coach 5 minute work out for children -

<https://www.youtube.com/watch?v=d3LPrhI0v-w>

NOTE: Every weekday morning at 9am, The Body Coach will be doing a 30 minute PE lesson for children of all ages on his You Tube Channel - you just need to tune in.

Understanding the World: In your home learning pack you will find a brown envelope with a butter bean inside. Plant this in the clear cup provided. If you did not receive a cup, please make sure you plant the bean in something clear so your child can see the roots and shoots develop. Ensure the children place the bean at the side of the cup between the cup and soil (or tissue paper can be used if you do not have soil) so that they can observe the changes. Ask your child what they think will happen to the bean as it grows.

See video links: Child planting a bean <https://www.youtube.com/watch?v=RTRW2Cf9U2U>

After your child makes their predictions you may want to show them this short time lapse video of a growing bean <https://www.youtube.com/watch?v=w77zPAtVTul>

Please date and sign your child's daily work when it has been completed
