

HOME LEARNING

Reception

20/01/21

Morning Message

Good morning,

Well done! We're already half way through the week. We hope you've been having lots of fun so far and are ready for a brand new day of learning.

Live sessions will happen at 10am (phonics), 1pm (maths) and 3pm (story) each day.

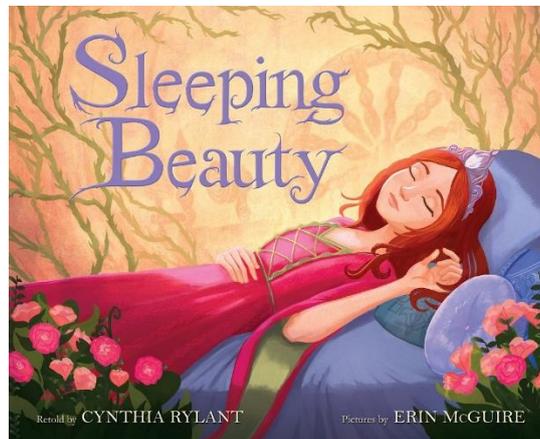

We will list the items here that you will need for the live sessions:

Phonics - You will always need some paper and a pencil/marker for writing.

Maths - Today you will need your ten frame and ten items to use for counting.

Ms Mulry and Ms O'Sullivan

Writing

This week we are reading Sleeping Beauty. We have uploaded a PDF of the story onto Google Classroom if you need it.

Writing Task:

Think about the wicked fairy who cursed Sleeping Beauty. Why do you think she wanted to hurt Sleeping Beauty and make her family sad? Do you think something happened to the wicked fairy that made her behave that way?

Challenge: The wicked fairy has been thinking about what she did and feels very guilty! Pretend you are the wicked fairy and write a letter to Sleeping Beauty, saying sorry for what you did and explaining why you decided to curse her.

Reading

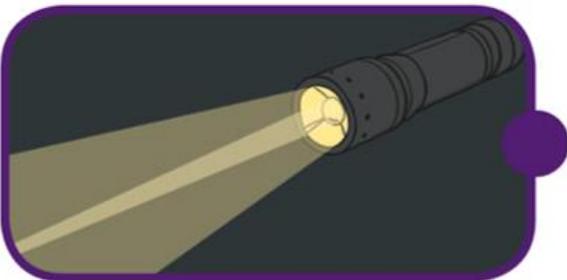

Read the sentences and match them to the correct picture:

The light of a torch.

Tools in the shed.

Looking at books.

Digging in the soil.

Phonics

Live session follow up activity:

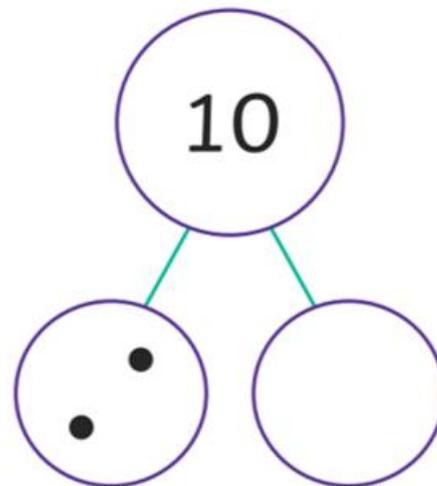

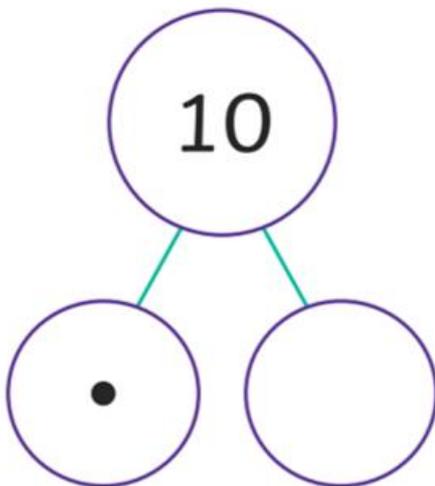

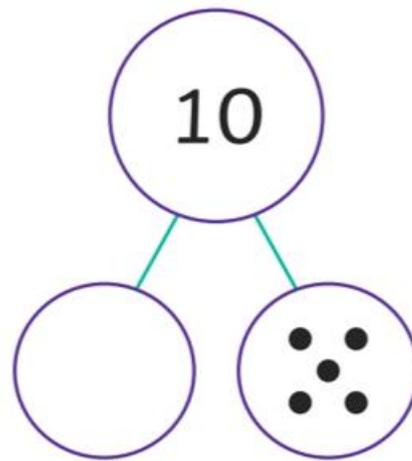

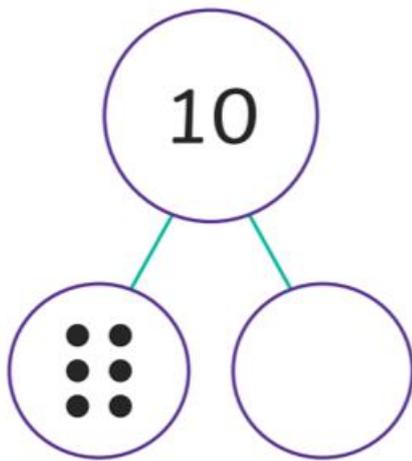

Draw a grid on a piece of paper (or print the one below). This is a phoneme frame. Ask your child to write the following words on their phoneme frame: **bow, now, owl, howl, down, clown, crown, brown**. One sound goes in each box, even if the sound has more than one letter (see the example below):

c	r	ow	n

Maths

Live session follow up activity:

This term we have learned how to use a part whole model. We would like you to complete the part whole models below, using everything you have learned this week about counting to 10. How many dots should go in the blank circles?

Physical Development

Have a kitchen disco today! Put on your favourite disco outfit, turn up the music and show us your best moves! As well as being a great way of keeping fit, dancing also improves your coordination, is good for your bones and joints and releases endorphins to improve your mood. Here are some of our favourite songs for you to dance along to:

Topic Work (for the week)

Choose an activity to complete today

Creative

Task 1

We have set you two new tasks on Purple Mash. Follow this link and log in using the details on your yellow card: <https://www.purplemash.com/sch/princessfrederica> Remember to save your work so your teacher can see it and leave a comment for you to read!

Task 2

Make a symmetrical butterfly with paints:

Fold an A4 piece of paper or card in half. Paint one side of the butterfly and then fold the page to see the paint transfer to the other side. You now have a symmetrical butterfly (that means that both his wings are the same or identical). What other pictures could you make using this method?

Task 3

Art with nature:

Go into your garden (or the park) and collect some natural objects (flowers, leaves, twigs, branches). What kind of picture can you create? Maybe you could make some nature people like the ones in these examples.

Task 4

Climbing rainbow experiment:

Fold a paper towel in half and colour one end with lots of different coloured markers (like in the picture). Let the paper towel dry fully. When dry, place it in a glass of water (only use a small amount of water so just the bottom of the paper towel touches it). You might need to tape the top of the paper towel to something like the window so it stands upright. Then watch as the rainbow climbs the paper towel.

Task 5

Let's do some role play! Who could you be? Do you have any fancy dress clothes to help you become a character? Maybe you could be a superhero - what will your powers be? Or perhaps you would like to play in your pretend kitchen - what will you cook? Will you have a restaurant? Maybe you could make a menu.
