25/01/21

Morning Message

Good morning,

We hope you had a brilliant weekend! We'd love for you to write about it in your red book today. You can then share this with us at the end of the day, after story time.

Live sessions will happen at 10am (phonics), 1pm (maths) and 3pm (story) each day.

We will list the items here that you will need for the live sessions:

Phonics - You will need paper and a pencil for writing sentences today.

Maths - You will need your ten frame and counters to represent the pictures on screen.

Ms Mulry and Ms O'Sullivan

Writing

Writing Task:

Write about your weekend - what fun things did you do? Maybe you baked something delicious or went for a nice walk somewhere. Can you draw a picture to go with your writing?

You can start your sentence by writing:

At the weekend I...

Reading

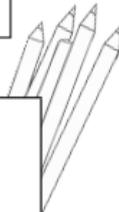

Have a go at the interactive reading activity that we uploaded onto Google Classroom today. Choose the picture that best matches the sentences.

Phonics

Live session follow up activity:

This week our new sound is **ur**. Sort the real and alien **ur** words below. How many real and how many alien words can you find?

Real Words	<input type="checkbox"/>	Nonsense Words	<input type="checkbox"/>
fur	burl	durz	lurf
burn	fursh	churll	turn
rurrsh	burp	surf	jurg

Maths

Live session follow up activity:

Use items you have at home to make a play scene such as a farm yard, teddy bear's picnic, car park, zoo, etc.

Encourage your child to compare the items in their play scene. Can they use descriptive language of colour, shape and size?

Ask questions like:

Which are there more of?

Which group has fewer?

How do you know there are more/less _____ than _____?

Physical Development

Today, Ms Mulry and Ms O'Sullivan will be joining in with PE with Joe at 9am on The Body Coach YouTube channel. We'd love for you to join in too! Doing some exercise first thing in the morning helps us to focus and feel energised for the day ahead.

Play a game of Simon Says:

Foundation PE (Reception) Simon Says Warm-Up Activity 25

Simon Says

- Remind children about the rules of 'Simon Says'.
- They should only do the action if 'Simon Says' is said before the instruction.
- They should not do the action if 'Simon Says' is not said.
- Give children a range of aerobic and stretching activities to warm their bodies and muscles up.
- Alternate between 'Simon says...' followed by the action, and just shouting an action.
- Some actions you could use are:
 - Jog on the spot.**
 - Run around the room, changing directions.**
 - Skip around the room.**
 - Touch your toes, keeping legs straight.**
 - Five tuck jumps on the spot.**
- You could ask a child to be Simon and allow them to give out the instructions.

Topic Work (for the week)

Choose an activity to complete today

Task 1

We have set you two new tasks on Purple Mash. Follow this link and log in using the details on your yellow card: <https://www.purplemash.com/sch/princessfrederica> Remember to save your work so your teacher can see it and leave a comment for you to read!

Task 2

Phonics/Number Bowling:

Using empty bottles for bowling pins, write some words or numbers on paper and tape to your bottles. Using a soft ball or football, roll towards your bowling pins. How many have you knocked down? Can you say the numbers/words you knocked down?

Task 3

Magic Puff Paint Art:

You will need

- 1 cup flour
- 3 teaspoons baking powder
- 1 teaspoon salt
- Enough water to make it like pancake batter

Mix the batter, split into four zip lock bags and add food colouring or paint. Snip the edge off each bag. On card/paper, create your art work. Once complete, microwave for 30-45 seconds - watch your paint puff up and grow!

Task 4

Create a marble run. You will need some empty cardboard tubes (toilet rolls/kitchen rolls), scissors, tape, a marble or small ball.

Cut some tubes in half, make a slit in the solid tubes and assemble.

Make it as big or as small as you want (depending on how many tubes you may have).

Task 5

Make a space rocket. You will need a bottle, tin foil, tape, coloured card or white paper and markers. Cover your bottle in tin foil, make various shapes for the windows and a triangle shape for the top. Here are some pictures for inspiration. Be creative - you can make your rocket any way you like!
