

Art Knowledge Organiser - Printing Assessment Question: How can I make my own printing block?

Key Vocabulary

primary colours, print, blocks, overprint, stencil, negative, dabbing, stroking, tone, darker/lighter

Skills

- To print with a variety of objects using a printing pad.
- To explore and use different tools and surfaces for printing.
- To use the techniques of dabbing and stroking to produce negative prints in primary colours.

Facts

- Printmaking is making art by printing pictures. The advantage of printmaking is that lots of the same picture can be printed. The picture is called a print.
- A primary colour is a colour that is used to make other colours. Red, yellow and blue are the three primary colours.
