Morning Message

Good morning Year 2,

Hope you all slept well and are ready for today's exciting home learning. The progress made by most of you on your Purple Mash project has been absolutely amazing and we can't wait to read all your finished project tomorrow. We've again set some exciting Mathematics tasks for you to complete today after you've finished your Power Maths activity. Continue practising your spellings for a test tomorrow and also continue reading aloud to an adult. Remember your phonics focus activity too.

The answer to yesterday's riddle:

What answer can you never answer yes to?

Answer: **Are you asleep yet?**

Well done if you figured out the answer to the riddle.

Let's have another enjoyable day everyone.

Foundation Subjects Work (for the week)

Polar Bear Adaptation

This week you will be finding out how polar bears suit their habitat.

This task has been set for you on Purple Mash. Go to the red To Do button at the top left of your screen. When you have finished your work for the day, click on the red arrow at the top right of the screen and then save and exit. You will be asked if you want to continue the work or hand it in. Only hand it in when you have finished your weekly task and then your teacher can look at your amazing work.

How is a polar bear adapted to its environment?

What would happen if it lived in a different habitat?
