

Week 1, Day 5 – home learning (year 5)

English

Imagine you are out for a walk in the woods one day when all of a sudden you come across this gnarled tree. You start to take slow, steady steps towards it when you hear a sudden click, like a lock being undone. A small door appears to open on the side of the tree and you can see a definite light glowing from within ...

By the end of this week you will have written an creative story about what could happen when you come across this tree.

Task 5

Write your narrative. Use all the work you have completed so far this week to help you bring your narrative together.

Hint for throughout the week:

Make sure you include fronted adverbials, figurative language, powerful vocabulary, relative clauses, dialogue and parentheses.

Subtracting fractions 2

Discover

Start: $4\frac{1}{4}$ km Fun Run!

- 1** a) Toshi has run $\frac{3}{2}$ km in the Fun Run.
How much further does he have to run to complete the Fun Run?
- b) Toshi runs another $\frac{7}{8}$ km.
Now how much further does Toshi have to run to complete the Fun Run?

Share

- a) The Fun Run is $4\frac{1}{4}$ km long. Toshi has run $\frac{3}{4}$ km, so find $4\frac{1}{4} - \frac{3}{4}$.

$4\frac{1}{4}$ is the equivalent to $3\frac{5}{4}$.

$$3\frac{5}{4} - \frac{3}{4} = 3\frac{2}{4}$$

$$3\frac{2}{4} = 3\frac{1}{2}$$

Toshi has to run a further $3\frac{1}{2}$ km to complete the race.

- b) Toshi runs another $\frac{7}{8}$ km.

$$3\frac{1}{2} - \frac{7}{8}$$

A common denominator is 8: $3\frac{1}{2} = 3\frac{4}{8}$

Split another whole into eighths: $3\frac{4}{8} = 2 + \frac{8}{8} + \frac{4}{8} = 2\frac{12}{8}$

$$2\frac{12}{8} - \frac{7}{8} = 2\frac{5}{8}$$

Toshi now has to run a further $2\frac{5}{8}$ km to complete the race.

I need to subtract $\frac{3}{4}$ from $4\frac{1}{4}$. I cannot subtract $\frac{3}{4}$ from $\frac{1}{4}$ without splitting one of the wholes.

$3\frac{2}{4}$ can be simplified to $3\frac{1}{2}$.

Now complete pages 89-91 in your power maths books

Week 1, Day 5 – home learning (year 5)

Reading Day 5 – predicting

- Predict what will happen next. Why did Hecate appear? How does Hazel react? Use the text to support you.
- Read for at least 30 mins. Ensure you read a selection of texts including fiction and non-fiction.
 - Fill in your reading record book.

Research Project/Topic work day 5

Finish off both your art project and your research topic project making sure you are happy with the final result.

Diary Day 5

To finish your day write a diary of what work and activities you did, remember to include your emotions and opinions.
